The certification must be signed by an authorized representative (i.e., Owner, principal executive officer, vice president, general partner, proprietor, elected official). This Certification Page along with the required site map constitutes the SWPPP for the individual lot listed above. In signing the plan the authorized representative certifies that the information is true and assumes liability for the plan. Note that Section 309 of the Clean Water Act provides for significant penalties where information is false or the permittee violates either knowingly or negligently permit requirements.

Certification Statement

I certify under penalty of law that I understand the terms and conditions of the general National Pollutant Discharge Elimination System (NPDES) permit that authorizes the storm water discharges associated with industrial activity from the construction site as part of this certification. Further, by my signature I understand that I am becoming a permittee to the City of Grimes for an "Erosion and Sediment Control Permit" at the identified site. As a permittee I understand that my company and I are legally required under the Clean Water Act and the Code of Iowa to ensure compliance with the terms and conditions of the storm water pollution prevention plan developed under the NPDES permit and the City Code of Grimes, Iowa.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is to the best of my knowledge and belief true, accurate and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations.
