

City of Grimes Job Opening

Street Technician 1

Regular, Full Time

Public Works Facility

Job Description Summary:

Under the general supervision of the Streets, operates a variety of light and medium duty equipment for the maintenance, operation and construction activities related to public works infrastructure or delivery of services. Concrete experience is preferred. Will also perform heavy manual labor when required.

Routine Job Duties/Responsibilities:

Maintains and repairs roadways, rights-of-way, sidewalks and other structures to sustain the public works infrastructure.
Operates various vehicles and equipment such as: street sweeper, backhoe, asphalt paver, loaders, mowers, tractors, power tools and hand tools.
Operates various types of snow and ice removal equipment for City streets and sidewalks including but not limited to: truck plows, snow blowers, and shovels.
Performs heavy manual labor to repair concrete and asphalt pavement, remove trees, dig trenches and post holes, load dirt and construction material, backfill ditches or holes, and other activities as required.
Performs minor mechanical and maintenance service to assigned public works vehicles. Performs and documents daily equipment inspections in accordance with department policy.
Inspects and maintains traffic control signs and pavement markings.
Inspects, cleans and repairs storm and sanitary sewer structures, levees and drainage ways.
Assures that the City's missions, goals and objectives are fully initiated and supported.
Performs other duties and responsibilities as assigned.

Periodic Job Duties/Responsibilities:

Attends safety meetings and seminars as required and promotes workplace safety. Follows all City and department safety policies and procedures. May work independently with minimal supervision or act as lead person on small crews.
