

North James Street & Bridge Improvements

Weekly Construction Update – Grimes, IA

The intent of this weekly update is to give an overview of work completed and a projection of work in the following week. It is intended to be a general overview and be tentative in nature. Things may differ from the listed schedule if weather or other unknown factors come into play.

Weekly Overview: June 19 Monday – June 24 Saturday

Please see the attached map for project Phases and ongoing detours.

Phase 1

- Storm sewer was installed.
- Utilities were relocated to allow construction of the planned box culvert at Little Beaver Creek.
- The Water/Wastewater Treatment Plant road (NE 18th St) was graded for asphalt pavement.

Phase 3

- The northbound lane and turning lane on North James St were paved from NE 14th Ct north to Beaverbrooke Blvd.

Saturday work

- The contractor will work a half day Saturday, June 24 to install storm sewer in Phase 1.
- Utility relocation may continue Saturday.

What to expect next week: June 26 Monday – July 01 Saturday

- Storm sewer work will continue in Phase 1.
- NE 18th St roadbed will be prepared for asphalt paving.
- N James St roadway in Phase 3 will be finish graded outside of pavement, and work will start for pavement markings and signs.

What you need to know:

- Working hours are Monday-Friday (7:00 am to 9:00 pm). Work on the weekends and at night will require City approval.
- The contractor will notify property owners if work will impact access to property.
- Please do not remove any construction stakes located within the limits of work.
- During construction if property owners lose utility service, please contact your local service provider as follows:
 - Electric - MidAmerican Energy 1-888-427-5632
 - Gas - Black Hills Energy 1-888-890-5554
 - Cable, Internet, Telephone
 - CenturyLink 1-866-642-0444
 - Mediacom 1-800-332-0245
 - Sewer / Water – US Water
1-515-968-3176 (regular business hours)
1-515-822-4671 (emergency after hours)

- Construction projects are fluid in nature, and depend on many variables. Examples are poor weather, utility conflicts, unknown underground items, and fabrication schedules. While we will do our best to meet planned schedules, we appreciate your patience with unforeseen circumstances and understanding the possibility of changes to the schedule.

If you have any questions, please contact John Gade with FOX Engineering at 515-233-0000 or by email at jmg@foxeng.com.
