

North James Street & Bridge Improvements

Weekly Construction Update – Grimes, IA

The intent of this weekly update is to give an overview of work completed and a projection of work in the following week. It is intended to be a general overview and be tentative in nature. Things may differ from the listed schedule if weather or other unknown factors come into play.

Please see the attached map for project Phases and current Detour Routes.

Weekly Overview: October 9 Monday – October 14 Saturday

- The entrance to Chevalia Ridge Apartments was paved.
- Side street connections at NE 21st Circle and NE 22nd Circle were paved.
- Concrete retaining walls (next to the box culvert) were formed and poured.
- Topsoil from the stored stockpile was spread on the roadside of N James St.

Weekend work

- Due to a forecast of rain, the contractor does not plan to work Saturday Oct. 14.

What to expect next week: October 16 Monday – October 21 Saturday

- Traffic will be routed through the recently paved entrance to the Chevalia Ridge Apartments.
- The Daycare entrance at NE 18th St will be paved.
- Construction of concrete retaining walls (next to the box culvert) will continue.

What you need to know:

- Working hours are Monday-Friday (7:00 am to 9:00 pm). Work on the weekends and at night will require City approval.
- The contractor will notify property owners if work will impact access to property.
- Please do not remove any construction stakes located within the limits of work.
- During construction if property owners lose utility service, please contact your local service provider as follows:
 - Electric - MidAmerican Energy 1-888-427-5632
 - Gas - Black Hills Energy 1-888-890-5554
 - Cable, Internet, Telephone
 - CenturyLink 1-866-642-0444
 - Mediacom 1-800-332-0245
 - Sewer / Water – US Water 1-515-968-3176 (regular business hours)
 1-515-822-4671 (emergency after hours)

- Construction projects are fluid in nature, and depend on many variables. Examples are poor weather, utility conflicts, unknown underground items, and fabrication schedules. While we will do our best to meet planned schedules, we appreciate your patience with unforeseen circumstances and understanding the possibility of changes to the schedule.

If you have any questions, please contact John Gade with FOX Engineering at 515-233-0000 or by email at jmg@foxeng.com.
