

North James Street & Bridge Improvements

Weekly Construction Update – Grimes, IA

The intent of this weekly update is to give an overview of work completed and a projection of work in the following week. It is intended to be a general overview and be tentative in nature. Things may differ from the listed schedule if weather or other unknown factors come into play.

Weekly Overview: December 11 Monday – December 16 Saturday

- Topsoil was prepared as a seedbed for grass seeding.

Weekend work

- The erosion control subcontractor plans to work Saturday Dec. 16 to fertilize and seed topsoil. Seed will remain dormant over the winter, and germinate next spring.

What to expect next week: December 18 Monday – December 23 Saturday

- Fertilized/seeded topsoil will be covered with wood cellulose fiber mulch.
- Wood excelsior mat will be placed on ditch slopes and stream banks for erosion protection.
- Erosion control fence will be placed on slopes above stream banks.

NOTE:

- The intersection at North James St and Beaverbrooke Blvd will be a 4 Way Stop until traffic signals are installed.

What you need to know:

- Working hours are Monday-Friday (7:00 am to 9:00 pm). Work on the weekends and at night will require City approval.
- The contractor will notify property owners if work will impact access to property.
- Please do not remove any construction stakes located within the limits of work.
- During construction if property owners lose utility service, please contact your local service provider as follows:
 - Electric - MidAmerican Energy 1-888-427-5632
 - Gas - Black Hills Energy 1-888-890-5554
 - Cable, Internet, Telephone
 - CenturyLink 1-866-642-0444
 - Mediacom 1-800-332-0245
 - Sewer / Water – US Water 1-515-968-3176 (regular business hours)
1-515-822-4671 (emergency after hours)
- Construction projects are fluid in nature, and depend on many variables. Examples are poor weather, utility conflicts, unknown underground items, and fabrication schedules. While we will do our best to meet planned schedules, we appreciate your patience with unforeseen circumstances and understanding the possibility of changes to the schedule.
- *If you have any questions, please contact John Gade with FOX Engineering at 515-233-0000 or by email at jmg@foxeng.com.*
