NE Main Street Improvements

Weekly Construction Update – Grimes, IA

The intent of this weekly update is to give an overview of work completed and a projection of work in the following week. It is intended to be a general overview and be tentative in nature. Things may differ from the listed schedule if weather or other unknown factors come into play.

Weekly Overview: May 08 Monday – May 12 Friday

- The contractor began bringing in equipment and materials on Monday 5/8.
- Existing utilities were located prior to excavation to avoid unintended service interruptions.
- Work began on Tuesday 5/9 at the north end of the project. Sanitary sewer services were investigated.

What to expect next week: May 15 Monday - May 19 Friday

- The contractor will continue to investigate sanitary sewer services working from north to south.
- Inactive services will be disconnected and capped, active services will be removed and replaced with a new PVC service pipe.
- The excavations will be backfilled and covered with a temporary rock surface which will allow the street to remain open until paving operations begin.

What you need to know:

- The contractor will notify property owners if work is expected to impact access to property or utility services.
- Please do not remove any construction stakes or flags. Mow around them rather than pulling them out.
- During construction if property owners lose utility service, please contact your local service provider as follows:
    - Electric - MidAmerican Energy 1-888-427-5632
    - Gas - Black Hills Energy 1-888-890-5554
    - Cable, Internet, Telephone
        - CenturyLink 1-866-642-0444
        - Mediacom 1-800-332-0245
    - Sewer / Water – US Water
      1-515-968-3176 (regular business hours)
      1-515-822-4671 (emergency after hours)

- Construction project schedules depend on many variables. Wet weather, utility conflicts, unknown underground items, and fabrication/delivery schedules all effect this type of work. We appreciate your patience and understanding during this project.
