

NE Main Street Improvements

Weekly Construction Update – Grimes, IA

The intent of this weekly update is to give an overview of work completed and a projection of work in the following week. It is intended to be a general overview and be tentative in nature. Things may differ from the listed schedule if weather or other unknown factors come into play.

This Weeks Overview: November 6 Monday – November 10 Friday

- Storm drain cleaning and televising started this week
- The contractor continued hauling and spreading topsoil
- The contractor continued cleaning up the site and the staging areas
- Some mailbox post holes were drilled

What to expect next week: November 13 Monday – November 17 Friday

- Topsoil placement is expected to continue throughout the week
- Storm drain cleaning and televising will continue
- Cleanup of the project area will continue
- Installation of permanent mailbox posts and mailboxes will continue
- Sanitary sewer manhole chimney seals will be installed
- Dormant seeding and hydromulch placement will begin
- Streets and sidewalks will be swept clean
- The contractor will continue to work on remaining misc. items

What you need to know:

- We understand that construction is an inconvenience. If you have any questions regarding the construction in general or access to your property, please contact FOX Engineering at the number or e-mail below.
- Construction project schedules depend on many variables. Wet weather, utility conflicts, unknown underground conditions, and fabrication/delivery schedules all effect this type of work. We appreciate your patience and understanding during this project.

If you have any questions, please contact John Washington with FOX Engineering at 515-233-0000 or by email at jgw@foxeng.com
