

Water Main Flushing Announcement

- Annual fire hydrant flushing will be from March 31st thru April 3rd 2014.
- We will be flushing hydrants from 8am to 3pm Monday thru Friday.

Schedule of Hydrant Flushing

- Mon 31st - NE Quadrant (North Point area)
- Tues 1st - SE Quadrant (Gateway & industrial Area)
- Wed 2nd - SW Quadrant (Kennybrook and High School)
- Thurs 3rd – NW Quadrant (“end of line runs” & by Middle School)

- Doing this allows the water mains to be cleaned while checking for the correct operation of fire hydrants.
- This is part of our commitment to providing the best drinking water possible.

During Flushing You May Experience...

- Temporary discoloration of water
- A decrease in water pressure

- Discoloration may persist for a period after the hydrant near your home has been flushed.
- We would caution each resident to limit water usage during and after this time.
(Especially hot water).
- Run water before doing laundry and check if the water is discolored.

We apologize for any
inconvenience that this may
cause.
